CREATE DISTINCTIVE EFFECTS

Available in a range of heights and colour temperatures, this striking marker light can provide the sculptural effect and atmosphere you choose, punctuating outdoor spaces with a seamless warm glow or pillars of clear white.

360° ILLUMINATION

Liverpool is a pole-top light column that provides uniform illumination in 360 degrees. A bold feature alone or arranged in combination, Liverpool is a vibrant beacon that adds presence to urban spaces such as streets, roads and public areas, marking these spaces with a prominent display of light.

LONG USEFUL OPERATING LIFE

Coolon products use the world's most reputable LED manufacturers and the latest available standards to adequately report lumen maintenance. We strive to drive LEDs under their nominal current and use state-of-the-art heat dissipation methods, leading to durable electronics.

VARIOUS CCT & COLOUR BINNING CONSISTENCY

All products are offered in various colour temperatures, and manufactured using tighter bins, ensuring excellent consistency and uniformity.

5 YEARS WARRANTY

Coolon Luminaires are covered by a solid comprehensible manufacturer's warranty that covers a range of possible defects and performance parameters throughout the duration of the warranty period.

PROUDLY MADE IN AUSTRALIA

Our products are designed and manufactured in Australia. Engineered to perfection, using only the highest quality components and highly skilled labour, each luminaire is assembled and thoroughly tested to ensure that it exceeds the highest standards.
